

# 2nd annual Licking River clean up

## June 8

We will be meeting at the Cave Run Lake Corp of Engineers Picnic area at 1pm. The goal is to clean up 4 miles of the river (or as far as we can get).

After the clean up we will have a pot luck diner at the Corp of Engineers Picnic area.

Things to bring or we need help with are:

- If you have a canoe and/or John boat, please, bring it.
- Bring work gloves, sun block, and toe covered shoes.
- A trailer to haul garbage in.
- A volunteer (with a truck and hitch) to help run shuttle.

If the water level is to high will either move to Triplett Creek (which feeds into the Licking) or to another area on Cave Run Lake.

I hope you can participate. Last year was a bunch of fun. For more information contact April Haight at 606-783-2455 or [a.haight@moreheadstate.edu](mailto:a.haight@moreheadstate.edu)
